Ravi Chandra Surabhi

Senior Quality Engineer | AI Transformation
Dallas, Texas, United States

Summary

Hi, I'm Ravi, a Senior Quality Engineer with over 8 years of experience.

I specialize in delivering high-quality software solutions that meet both business and technical needs.

With a strong background in automation, I focus on improving efficiency and quality across all stages of development.

My expertise extends to AI transformation, leveraging cutting-edge technologies to drive innovation.

I'm also well-versed in cloud technologies, helping organizations scale and modernize their systems.

I believe in building reliable, scalable solutions that make a real impact.

Throughout my career, I've worked with global teams to deliver projects on time and exceed expectations.

I'm always looking for opportunities to learn and grow, while contributing to exciting, forward-thinking projects.
